GSE Nomination

Florian Wnuck has been appointed **Director of International Development** at GSE Group, the engineering firm with over 30 years of experience in design and construction of professional buildings. Florian Wnuck will contribute to continued growth of the Group, already present in 17 countries. Wnuck will be concentrating on reinforcing the GSE sales teams in Italy, Germany, Romania, Hungary, Russia and Poland, working with local teams. GSE currently makes 41% of its annual turnover outside of its native France. The nomination of Florian Wnuck strengthens its teams, whose strategy is to work with GSE clients in their expansion outside of France.

Florian Wnuck, 35 years old, German nationality, holds a DESS degree in business administration from the IAE school in Aix en Provence.

After working in economic development with a public organization in the Provence-Alps-Riviera region, Wnuck joined the GSE Group in 2004, as key account manager in France.

The GSE Group engineering firm is specialized in delivering turnkey buildings to the industrial, logistics and service sectors. Since its founding in 1976, GSE has become the reference for the General Contractor business. GSE offers total management of construction projects, including financial engineering, land selection, technical studies, design and building and property management, accompanied by firm delivery, cost and quality commitments.

*GSE has built over 12 million m² in 30 years, and has become the **European leader** with clients such as Auchan, Alstom, Coca Cola, Danone, Lafarge Plâtres, L'Oréal, Michelin, Renault, Thales, Schneider, Aventis Pasteur, ProLogis, Gazeley, Elgan... Today, the GSE Group has 450 employees throughout the world, in France, Belgium, Great Britain, Ireland, Germany, Italy, Spain, Portugal, Poland, Hungary, Ukraine, United States, China, Switzerland, Romania, Croatia and Russia.*
